

# Quomodo librum dimensione A5 codicibusque duobus confaciam?

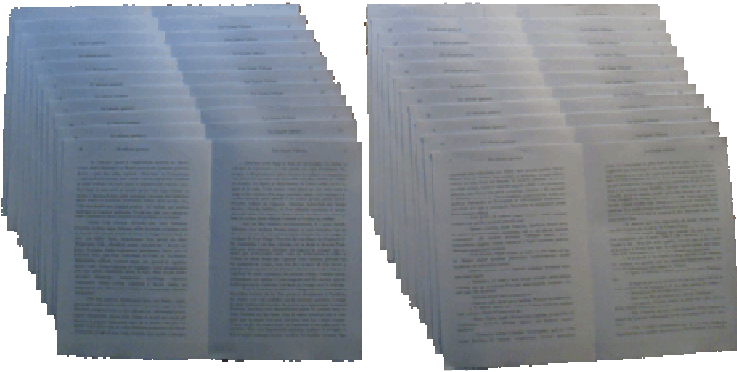

1 — Imprime paginas in folliorum unumquodque latus. Cave ut paginas recte se sequantur!

2 — Plica omnia folia secundum lineam discretam (-----)

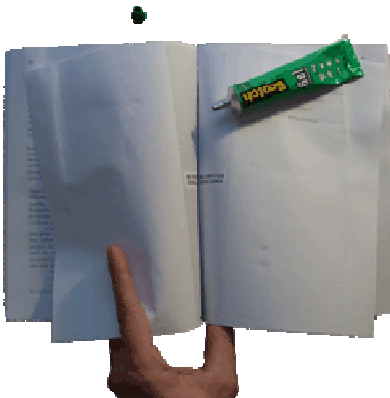

3 — Collige folia sicut ostenditur in imagine. Cave: duo codices sunt.

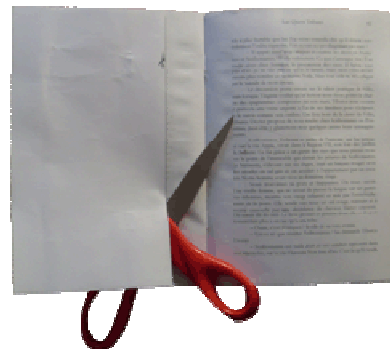

4 — Vinci codices fibulis.

5 — Conglutina codices inter se ut sit liber completus.

6 — Seca paginas conglutinatas secundum lineam.

7 — Pone pelliculam glutinantem in dorsum libri.
